

# Logs, Woodchip & Mulch

With rising fuel costs in the home why not try an alternative to gas and oil.

We offer log delivery, and can be supplied By the bag or as a loose load dependant On your requirements.

We also sell Woodchip and Mulch, great for the garden and landscape work.

All logs and woodchips are stored and left to season ensuring you get a quality product.

## Fencing

CHTS have a dedicated property maintenance team that are experienced in erecting all types of fencing and gates.

From panel fences and closeboard, to high security steel mesh we are able to supply and erect whatever a client requires. Small or large we will be pleased to quote for your fencing needs.

## Arboricultural Contracting & Consultancy

Providing a friendly, professional service in the heart of Hampshire and the New Forest for over 15 years

Hello,

We are proud to be one of the south's leading tree specialists and take pride in delivering nothing but the highest standards to all of our clients.

Established in 1998, we are qualified to carry out all aspects of tree work. Our friendly, professional team of experienced tree surgeons can undertake all aspects of tree care. Catering for any requirement, large or small, domestic or commercial.

Please read through this pamphlet to see the services that we can provide you.

Christopher Hoare  
Director

### Tree Surgery

All of our employees have industry recognised qualifications that allow them to undertake all varieties of tree work. From **Crown Cleaning to Removing Deadwood, Crown Reductions to Crown Lifts, Limb Removal to Technical Take Downs**, Christopher Hoare Tree Services Ltd has the staff and the machinery to get the job done!

### Tree Surveys & Inspections

Reports and surveys can be carried out for many reasons; new developments, tree stock management or concern for individual trees. Christopher Hoare Tree Services Ltd provide a broad spectrum of consultancy services for all types of clients, to include individual homeowners with single trees to large corporations and local authorities responsible for whole tree populations.

See [www.chtstrees.co.uk](http://www.chtstrees.co.uk) for a full list of services or email us at [info@chtstrees.co.uk](mailto:info@chtstrees.co.uk) with your arboricultural needs

### Hedge Cutting

We provide an excellent hedge cutting service to both the home owner and commercial clientele, performed by qualified and experienced tree surgeons.

Our hedge cutting and trimming service is available all year round. We can undertake the cutting of any size hedge and will remove all waste material as part of the quotation.

### Stump Grinding

Stump grinding is the removal of visible stumps and roots. To do so we mechanically grind down the main root leaving just sawdust. We have stump grinding machinery that will cater for any root size.

We are able to grind tree stumps down to 18 inches below ground level. So whether you intend to lay turf (needing only a shallow grind), replant or plan to landscape/redevelop the area, you can be sure our stump grinding service will meet your requirements.

### Site Clearance

We are well equipped and experienced in providing site clearance operations of any size. We offer a countrywide service and have travelled as far as Scotland in the past.
